

Remote Monitoring System ExactAire® IAQ Sensor

Commercial housing

Specifications

Length: 4 3/4"

Width: 3 1/4"

Depth: 1"

Weight: 0.5 lbs

Power requirements: Battery operated for up to two years.

Sensor Coverage: 4,000-5,000 square feet in unobstructed conditions

Industrial housing

Specifications

Length: 8 1/4"

Width: 5 29/32"

Depth: 1 9/16"

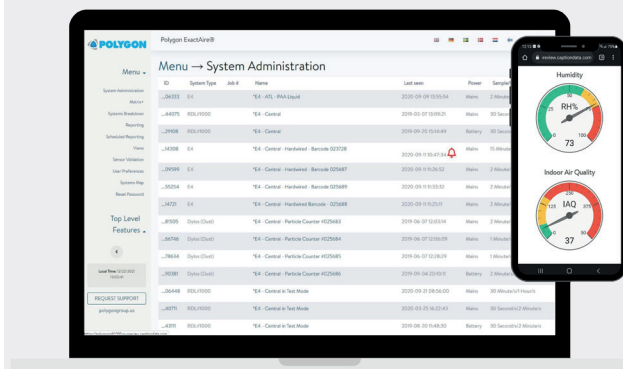

Weight: 1 lbs

Power requirements: Battery operated for up to two years.

Sensor Coverage: 4,000-5,000 square feet in unobstructed conditions

Instant insight

For ongoing operations or greater awareness, sensor data can be visualized on user-friendly dashboards, 3D building status views, and used to trigger alerts so conditions can be known to multiple stakeholders at anytime, anywhere.
